Pre-information for Dangerous Good Classification / Storage Group Assignment
Process no: 2.6/1466/20, 2.6/1467/20, 2.6/1468/20, 2.6/1469/20

Dear Mr. Luteran György,

we hereby inform you that the following pyrotechnical articles:

- **Bengal flare, BF60S, Reg.-No. 1008-T1-69260370**
- **Smoke generator, SG60B, SG60P, SG60R, SG60W, SG60Y, Reg.-No. 1008-P1-69258312**
- **Smoke device, VAK 007, Reg.-No. 2806-P1-0001752**
- **Smoke generator, XP7500E, Reg.-No. 2806-P1-000478**

according to **ADR, RID, IMDG-Code, IATA** and **ICAO-TI** will be assigned as **UN-No. 0432 ARTICLES, PYROTECHNIC** to the dangerous good classification **1.4** and **compatibility group S**.

The packaging instruction is **P135**.The storage group assignment is also **1.4S**.

The official notice will be issued and sent to you as soon as possible.

We particularly emphasize, that this pre-classification serves only the simplification of your economic dispositions. It doesn't prejudice the result and outcome of the classification resp. assignment procedure. It is therefore not a covenant in terms of the relevant German regulations (refer to *§ 38 Abs. 1 Verwaltungsverfahrensgesetz in der Fassung der Bekanntmachung vom 23. Januar 2003 (BGBl. I S. 102), das zuletzt durch Artikel 20 des Gesetzes vom 18. Juli 2016 (BGBl. I S. 1679) geändert worden ist*). The article shall only be deemed classified resp. assigned if the official notices are delivered.

Sincerely
by order

Figen Kandler
